# PRODUCT CERTIFICATE

**No. 204/C5/2008/060-027617**

In compliance with the enactment of Article 5 of the Government Decree No. 163/2002 Coll., that lays down technical requirements for selected construction products, as amended by Government Decree No. 312/2005 Coll., it is confirmed, that in case of the construction product

**Manhole tops for vehicular and pedestrian areas PREFAPLATE**  
**loading class A – 15 kN, B – 125 kN, C – 250 kN and D – 400 kN**  
of reaction to fire level „F“ – without testing

manufacturer:

**Prefa Kompozity, a.s.**

INo: 2694 9881  
Address: 615 00 Brno, Kulkova 10/4231, Czech Republic  
Plant: Prefa Kompozity, a.s.  
INo: 2694 9881  
Address: plant Brno – Dolní Heršpice  
619 62 Brno, Havránkova 11, Czech Republic  
Order: Z060070120

the Authorized Body has reviewed documents submitted by the manufacturer, performed the initial type-testing of the product sample, assessed factory production control and has stated, that

- this product fulfils the requirements derived from related essential requirements given in the above mentioned Government Decree and detailed in the construction technical approval (STO):  
construction technical approval (STO) No. 060-023773 of 24.04.2006
- the factory production control complies with technical documentation and ensures that products put on the market meet the requirements laid down in the above mentioned construction technical approval and comply with relevant technical documentation according to Article 4 Clause 3 of the above mentioned Government Decree.

The Product Certification Report No. 060-024171 of 17.05.2006 and containing the conclusion of the findings, assessments, test results and description (eventually sketch) of the product necessary for its identification, surveillance report No. 060-026075 of 06.06.2007 and surveillance report No. 060-027616 of 18.02.2008 are to be considered as an integral part of this certificate. Validity of class C-250 kN and D – 400 kN certification is limited for products of inside size up to 600×600 mm.

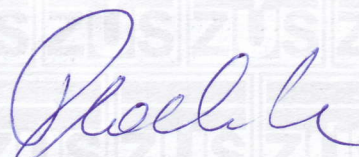

This certificate remains valid as long as the requirements given in the designated construction technical approval referred to hereinabove or the manufacturing conditions in the factory or the factory production control itself are not modified significantly.

The Authorized Body performs at least once per 12 months the surveillance of proper function of the factory production control according to Article 5 of the above mentioned Government Decree. If the Authorized Body identifies some failures, it is competent to cancel or change this certificate.

The person taking overall responsibility for this certificate:

Brno, February 18<sup>th</sup> 2008

  
Ing. Miroslav Procházka  
Deputy Manager of the Authorized Body 204
